Laboratorio Prove Materiali - NB 1777 CPD

CERTIFICATO DI CONFORMITÀ CE

**EC CERTIFICATE
OF CONFORMITY**

Notified Testing, Inspection and Certification Body 1777 – CPD - 001

**EC-CERTIFICATE OF CONFORMITY
1777 - CPD – 11.01**

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

PTFE Spherical Bearings

with trade name

TETRON Spherical Bearings

with PTFE and horizontal sliding part for a minimum operation temperature of -35 °C to use in building and civil engineering works where requirements on individual bearings are critical

placed on the market by

Freyssinet International & CIE

1 bis rue du Petit Clamart - Bât. C , 78140 Vélizy VillaCoublay, France

and produced in the following factories

FPC, ZA du Monay, 71210 Saint Eusèbe - France

METABET, Pitesti – Romania

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan. The notified body – Laboratorio Prove Materiali, Politecnico di Milano - has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control. This certificate attests that all provisions concerning the attestation of conformity and the performances described in the Annex ZA of the standard

hEN 1337-7:2004

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued of 30 September 2011 and remains valid as long as the conditions laid down in the technical specification or the manufacturing conditions in the factory or the factory production control itself are not modified significantly
